RECEIVED
★ FEB 15 1960 ★
U.S. Department of Agriculture

1. *Coryphantha ECHINUS* specie - pale green nippled ribs 14 to 16
stiff white spines tipped purplish..beautiful....35¢
2. *CORYPHANTHA RUNYONII* (toe or nipple cactus) Lavender pink flowers.....25¢
3. *ESCOBARIA* (Tom thumb) Small growing, light tan flowers, red seed pods.....25¢
4. *HAMATA CACTUS SETISPINUS* - Light colored spines, yellow flowers, red center.....15 and 25¢
5. *ECHINOCEREUS REICHENBAUCHII* (Lace Cactus) Large orchid pink flowers. Often larger than the plant Mar.to May 15&25¢
6. " *BAILIEYII* - Stout cylindric, numerous short grey to reddish spines 1/2" to 3".....35¢
7. " *ENNEACANTHUS* (Strawberry) Large purple flowers single plant 15¢.....clusters....25¢ & 50¢
8. " *CHLORANTHUS* (Red Spines) greenish flowers around the sides of plants...A west Texas plant.....25¢ & 50¢
9. " *PENTALOPHUS* (Lady Finger) Large orchid flowers with greenish center. Single 15¢...Clusters of 3 to 5 or more 25¢...35¢...and 50¢
10. " *BERPLANDIERI* (Devil Finger)
Single 15¢...clusters 3 to 5 or more 25¢, 35¢ & 50¢
11. *ANACAMPEROUS RUBESENS* - Thick purplish colored leaf, pink flowers.....25¢
12. *HAWORTHIA RETUSA* Q- Windowed plant.....1-1/2" 25¢, 2"25¢
13. " *ATTENWATTA* - Zebra stripped.....15¢ & 25¢
14. " *MARGARITIFERA* - small dotted stripes.....15¢ & 25¢
15. " *RYDERIANA* - Clusters.....25¢ & 35¢
16. " *VISCOSA* - Var. *Nigra* - dark green leaves in spiral pyramid.....35¢
17. " *TASSELATTA* - Star shaped, red tipped leaves.....25¢
18. " *REINSDRTII* - Resembles *Guenia Haworthia* more upright, closely formed leaves.....25¢
19. " *TORTUSA* - Var. *Nigra* - Spiraled....medium.....35¢
20. " *" out* Var. *Major* - Triangle....medium.....35¢
21. *MESEMBRANTHIA* - Daisy like, orange flowers...rooted 15¢ and 25¢
22. *ALOE VARIGATA* - Partridge breast.....15¢ & 25¢
23. " *PENNARII* - Tall spikes of greenish yellow flowers 15¢ & 25¢
24. " *SAPONARIA* - or *ALOE VERA*..... 15¢ & 25¢
25. *NICTOCEREUS SERPENTINA*(Snake Cactus) NT blooming cereus, rooted cuttings.....25¢
26. *CHAMEROCECUS SYLVESTERII* (Peanut cactus)..single 10¢, cluster 25¢
27. *LOBIVIA* - Easter Lily cactus..orchid flowers, all so white.... 15¢
28. " *VINGHAMIANA* - Globular freely clustering, few grey spines, red flowers, May to Aug.... 35¢
29. *MAMMALLARIA ELONGATA* - Tan flowers, red seed pods.....15¢ & 25¢
30. " *MULTICEPS* - Grape cactus...small clusters 10¢ & 25¢
31. " *BOCASANA* - Ed Hummel Var...nice clusters.....65¢
32. " *SPAHERICA* (Small type Devil pincushion) 10¢ & 20¢ & 35¢
33. " *HAHNIANA* (Old woman cactus) Globular close set nipples, short spines hidden with white hair, pink flowers.....50¢
34. " *MICROHELIOPSIS*)Stout colomner, branching, green nipples many yellow spines few darker yellow flowers 35¢
35. " *AEJIBENSIS* - Very short spines, pink blossoms..... 35¢
36. " *GEMINISPINNA* - Globular, erect, straight white spines, some white, a very pretty plant when older 35¢
37. " *PARKINSONII* (Owl's Eyes) Flattened globular short white spines..... 35¢
38. " *RHODANTHA* (Rainbow pincushion) Globular, numerous yellow to brown spines, ruby red blossoms..... 35¢
39. " *CAMPTOTEICHA* (Birds Nest Cactus) Hemispherical with long nipples tipped with weak harmless spines..... 35¢
40. " *WINTERIAE* - Flattened globular, large angled nipples, long straight spines..... 35¢
41. *EUPHORBIA MAMMALLARIA* (Corn cob cactus) single branches that resemble a green corn cob..... 15¢
42. " *OBASA* (Baseball) a curious cactus like succulent of South America...1-1/4 to 2".....50 & 65¢
43. " *LACTEIA CRISTATE*. Rooted cuttings 5 to 10" high and same wide 1.50 to 3.50
44. " *HEPTAGONA* - Tall bush type, spines green tinged with purple, 3 to 5"..... 25¢

1. *Alouatta palliata* (Linnaeus) - *Pithecia palliata* (Linnaeus)
The most abundant species of monkey in Costa Rica. Found throughout the country, especially in the lowland rainforests. It is a large, dark-colored monkey with a prominent white patch on its forehead. The tail is long and prehensile.

2. *Alouatta seniculus* (Bennett) - *Pithecia seniculus* (Bennett)
A smaller, more slender monkey than *palliata*. Found in the central and southern parts of the country, particularly in the cloud forests. It has a distinctive white patch on its forehead and a long, prehensile tail.

3. *Alouatta caraya* (Bennett) - *Pithecia caraya* (Bennett)
A large monkey with a light-colored face and a dark body. Found in the eastern part of the country, particularly in the Atlantic forest. It has a long, prehensile tail and a white patch on its forehead.

4. *Alouatta seniculus* (Bennett) - *Pithecia seniculus* (Bennett)
A smaller, more slender monkey than *palliata*. Found in the central and southern parts of the country, particularly in the cloud forests. It has a distinctive white patch on its forehead and a long, prehensile tail.

5. *Alouatta palliata* (Linnaeus) - *Pithecia palliata* (Linnaeus)
The most abundant species of monkey in Costa Rica. Found throughout the country, especially in the lowland rainforests. It is a large, dark-colored monkey with a prominent white patch on its forehead. The tail is long and prehensile.

6. *Alouatta seniculus* (Bennett) - *Pithecia seniculus* (Bennett)
A smaller, more slender monkey than *palliata*. Found in the central and southern parts of the country, particularly in the cloud forests. It has a distinctive white patch on its forehead and a long, prehensile tail.

7. *Alouatta caraya* (Bennett) - *Pithecia caraya* (Bennett)
A large monkey with a light-colored face and a dark body. Found in the eastern part of the country, particularly in the Atlantic forest. It has a long, prehensile tail and a white patch on its forehead.

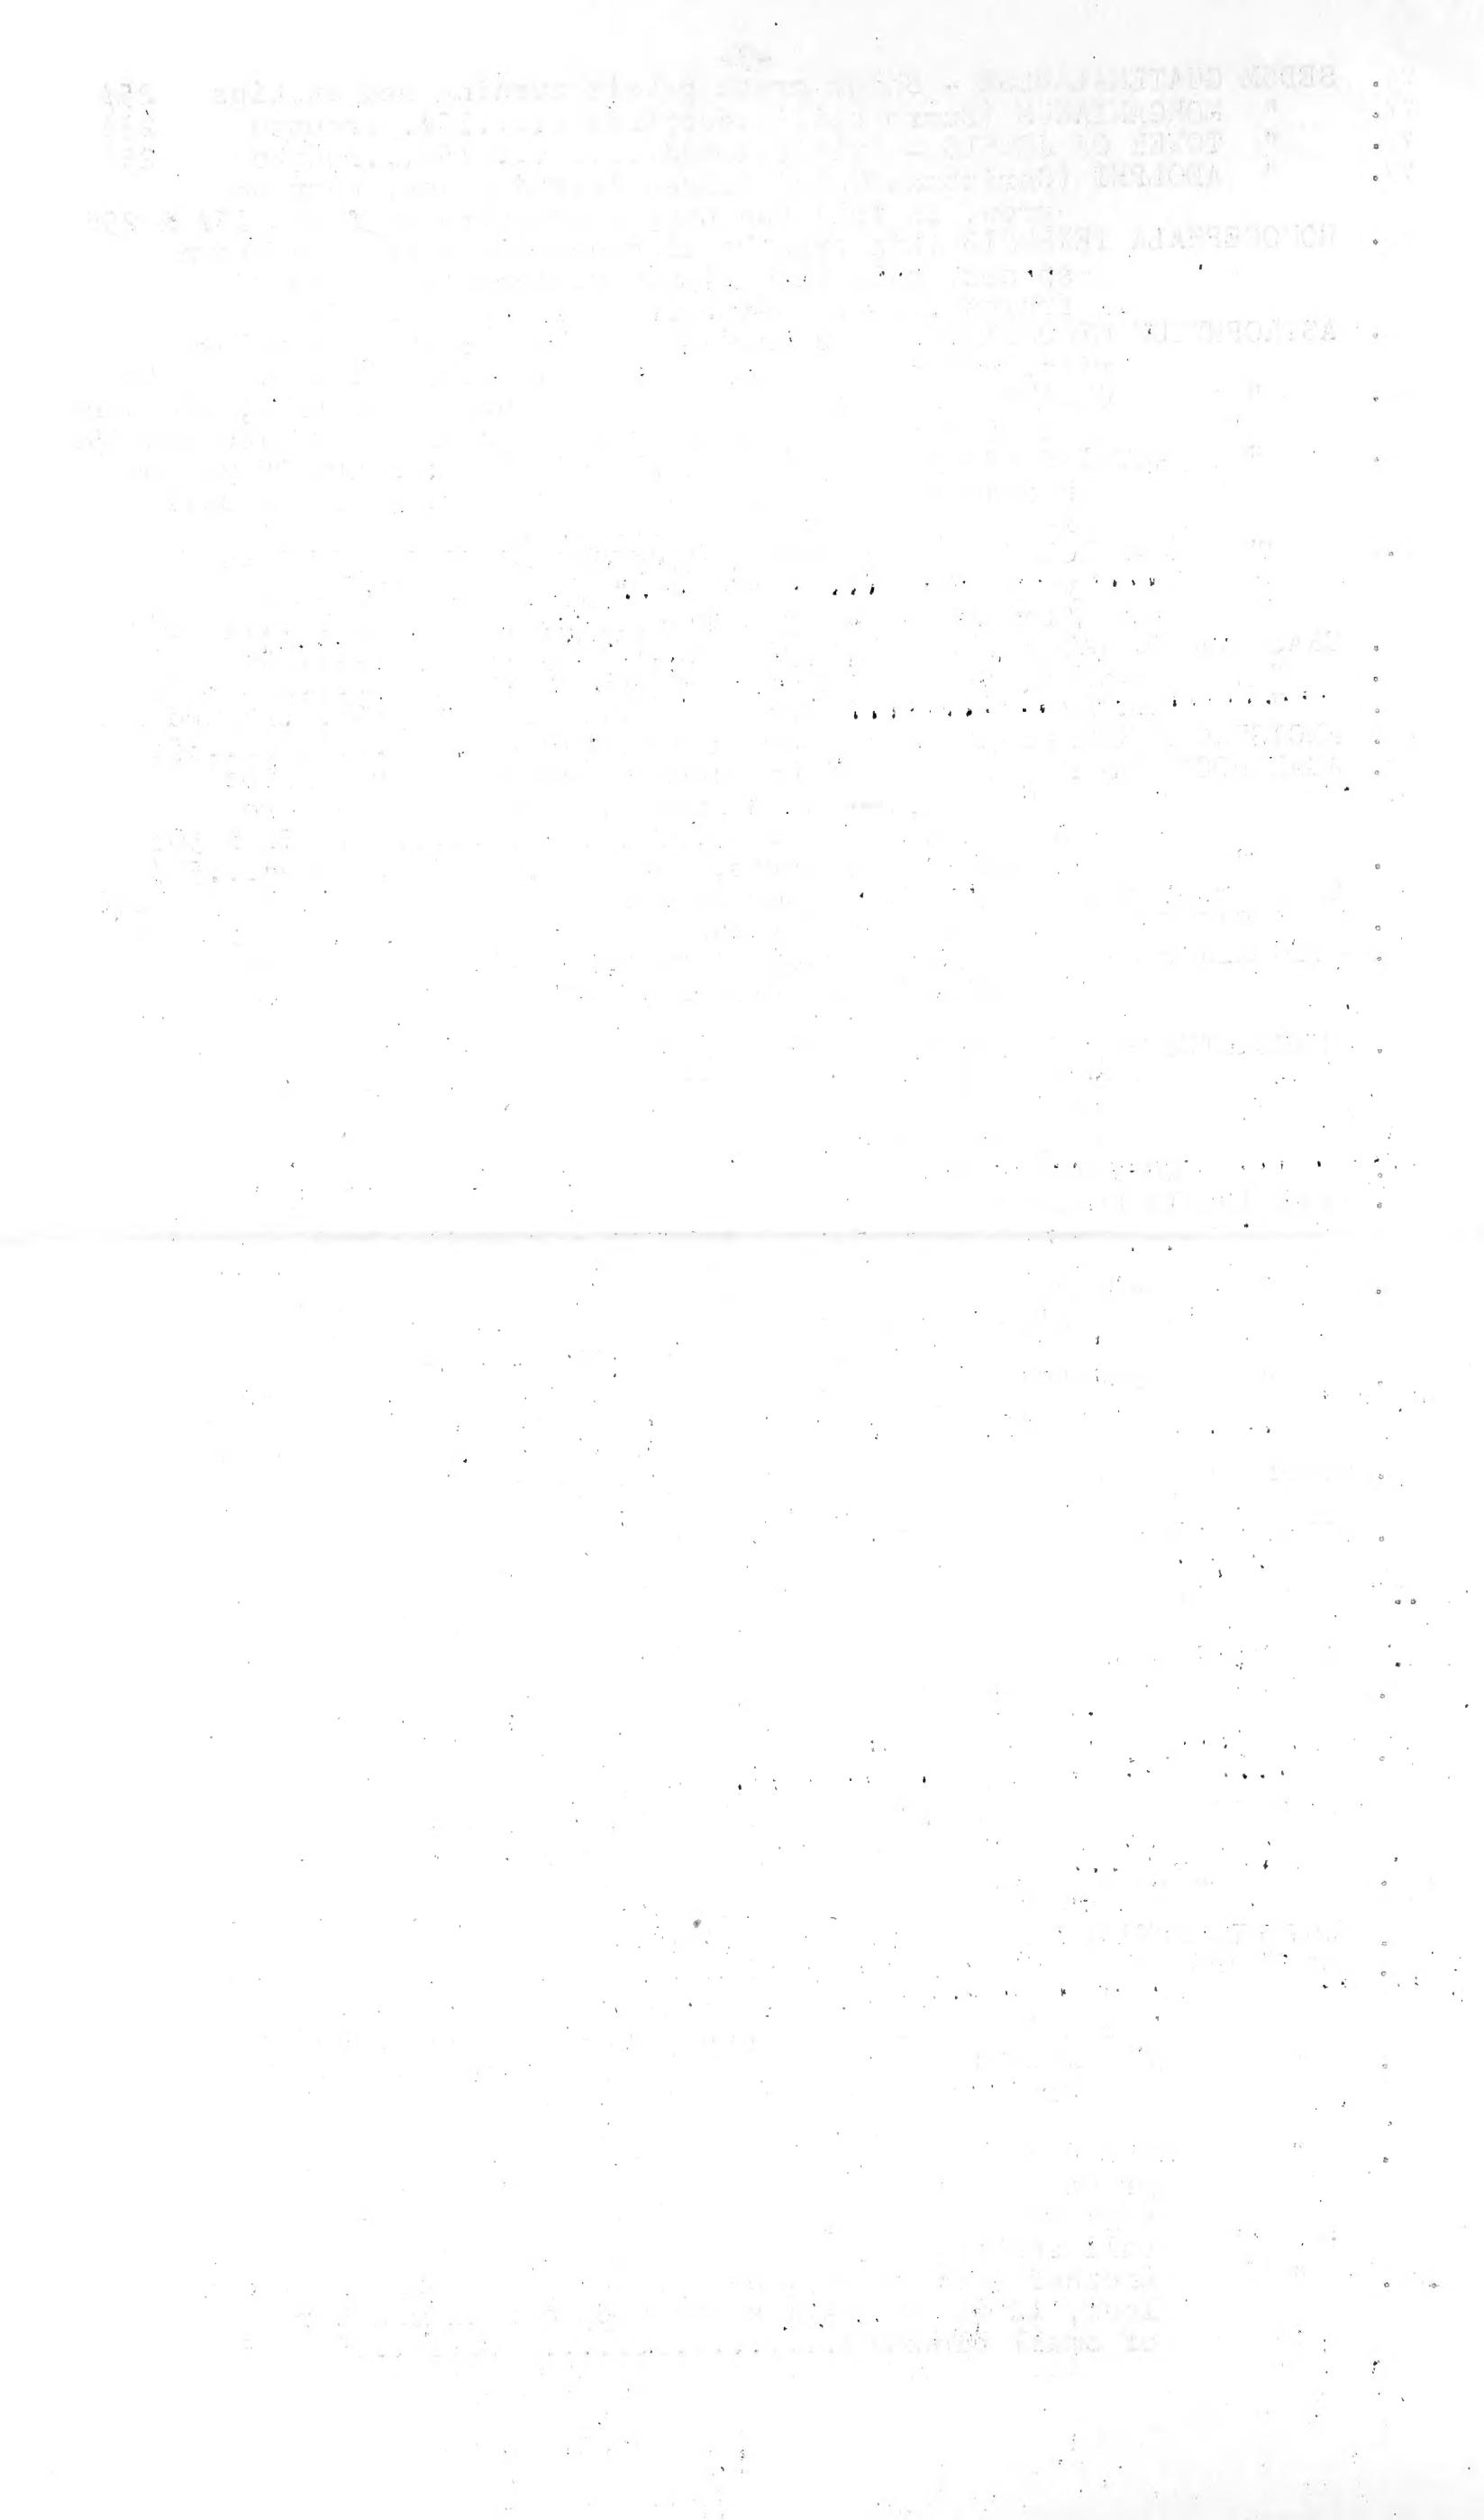

8. *Alouatta seniculus* (Bennett) - *Pithecia seniculus* (Bennett)
A smaller, more slender monkey than *palliata*. Found in the central and southern parts of the country, particularly in the cloud forests. It has a distinctive white patch on its forehead and a long, prehensile tail.

9. *Alouatta palliata* (Linnaeus) - *Pithecia palliata* (Linnaeus)
The most abundant species of monkey in Costa Rica. Found throughout the country, especially in the lowland rainforests. It is a large, dark-colored monkey with a prominent white patch on its forehead. The tail is long and prehensile.

10. *Alouatta seniculus* (Bennett) - *Pithecia seniculus* (Bennett)
A smaller, more slender monkey than *palliata*. Found in the central and southern parts of the country, particularly in the cloud forests. It has a distinctive white patch on its forehead and a long, prehensile tail.

45. EUPHORBIA LACTEIA - Treeform (Elk horn) cuttings 15¢..rooted 25¢
46. " HERMINTINA (Milk Tree) Triangular, grows tall,
branches freely, lovely green and white,
makes a fine specimen...rooted cuttings 35¢
47. " PSEUDOCACTUS - resembles the cow horn Euphorbia, bars
of light and dark green, branches freely
cuttings 15¢.....rooted 25¢
48. " SPLENDENS (Christ Thorn) forms a well branched bush
two feet tall, lovely scarlet blossoms
cuttings 15¢...rooted 25¢
49. STAPELIA GIGENTIA (Giant star fish) large, red veined blossoms
12 to 15" diam...cuttings 15¢...rooted 25¢ to 35¢
50. " VARIGATA (Toad plant) blossoms mottled with brown,
cuttings 15¢.....rooted 25¢
51. " HAIRSUTA (Hairy star fish) pretty, velvety stars,
each petal fringed with soft violet hairs
cuttings 15¢.....rooted 25¢
52. " MUTABILIS, fringed, varigated, open for days, most
unusual.....slip 25¢.....rooted 40¢
53. HUERNIA ZEBRINA - striking flowers, yellow stars are heavily
barred, with dark red, in the center is a
raised glossy annuals.....25¢
54. " KENENSIS (Red Dragon) a genus of plant closely related
to the satpelias.....15¢ and 25¢
55. " LONGITUBA - bell shaped flower, purple splashed with
white15¢ and 25¢
56. " KENENSIS - grows yards long, red 5 pointed star shaped
flowers darker in center, 6" cuttings 15¢, 12" 20¢,
24".....35¢
57. HUERNOPSIS - a genus of plants closely related to the
Stapelias...15¢ & 25¢
58. ECHINOCACTUS GRUSONII (Golden ball) or barrel..... 25¢
59. " GRANDIS (Blue barrel) blobular, few ribs, purple
markings..... 50¢
60. NOTOCACTUS APRICUS (Sun cups) globular, yellow green, weak
yellow spines, yellow flowers, April & May..... 50¢
61. " MAMMALLARIS (Lemon ball) short stout spines, large
yellow flowers 2-1/2"..... 50¢
62. " LENINGHAUSII (Golden ball) Many ribbed, covered with
soft harmelss golden yellow spines..... 35¢
63. " GRAESSNERI (Yellow ball) Flattened, globular, covered
with bristly yellow spines, yellow flowers..... 35¢
64. " SCOPA (Silver ball) Short weak silvery, red tipped
spines ~~dark red~~..... 35¢
65. " OTTINUS (Indian head) Globular, weak brown spines,
long blooming period, the buds appear as twists
of brown wool, opening to large shiny yellow
blossoms with red tipped stigmas, stays open
for days..... 50¢
66. FAUCARIA TIGREN (Hybrids)...large daisy like yellow flowers,
October to December.....15¢ & 25¢
67. LOPHOCEREUS MONSTROS (Spineless) rooted cuttings 4" to 6", 75¢-1.00
The larged type 6" to 8" or more, 4" diam \$1.50 -2.75
68. LOPHOPHORA WILLIAMSII (Peyote button) allowed in all states
except Calif. Spinless, grey green, pale pink
flowers and seed pods.....15¢,
clusters...25¢....35¢.....45¢.....\$1.00
69. CHERIDOPSIS CANDIDISSIMA (V for Victory plant) Beautiful
4 to 6" finger size thick leaves or blades,
grey green with purplish cast.....25¢ to 50¢
70. ECHEVERIA DERENBURGII (Painted Lady) Red tipped petals, orange
red flowers..... 25¢
71. " GLAUCHOMETALICA, Pale green thick wide, red edged
leaves, multi colored blossoms on tall spikes
in fall to March.....15¢.....25¢.....35¢
72. " SETOSA (Mexican Firecracker) soft downy petals
orange red flowers..... 25¢
73. " SETOSA HYBRID (The Doris Taylor) Large in every way
to that above..... 25¢
74. " GILVA * Makes rosetts. Pale green leaves often
tipped purple if grown in full sun..rooted 25¢
75. SEMPERVIVUM CALCAREUM (House laek) Hardy plant outdoors in the
north, leaves pale green, in Europe they are
planted on the roofs of sod houses.....25¢

76. SEDUM GUATEMALENESE - Shiny green petals turning red at tips 25¢
77. " MORGANIANUM (Burro tail)...cuttings.....15¢...rooted 25¢
78. " TOWER OF JEWELS - Multicolored.....15¢...rooted 25¢
79. " ADOLPHI (Christmas Gold) Golden leaved plant, easy to grow, in full sun they become bronze gold 15¢ & 25¢
80. HOMOCEPHALA TEXENSIS (Big type Devil pincushion) reddish brown spines, pale pink flossoms, large red seed fruits.....35¢.....50¢.....75¢
81. ASTROPHYTUM MYROSTIGMA (Bishops Cap) globular 5 stout spinless ribs, covered with white dots.....25¢
82. " ORNATUM (Star cactus) globular, prominent ribs, clusters of 5 stiff spines, silvery dots, large yellow flw 25¢
83. " ASTRIAS (Sand dollar) Entirely spinless, bears 2" yellow blossoms with red throat, likes a very sandy soil 1-1/2" 15¢, 2-1/2".....25¢
84. " CAPRICORNE (Goats horns) Free bloomer, large golden yellow blossoms, with red centers, ribs with flexible, papery spines.....35¢
85. CRASSULA TETRAGONA (Japanese pinetree) Dark Green.....15¢ & 25¢
86. " ARBORESENS - Tri color jade plant 3" to 6"....15¢ & 25¢
87. " ARGENTEA - green jade plant.....cuttings 15¢...rooted 25¢
88. ANCISTRO SCHEERII (Pineapple or Fish Hook).....15¢...25¢....35¢
89. ACANTHOCEREUS PENTAGONUS (Night blooming cereus) Large white blossoms, ~~are~~ seed fruits, burst open and are red inside.....25¢ & 50¢
90. " PENTAGONUS Monstros, cuttings...25¢...rooted...50¢ Large rooted cuttings with bloom in spring...8" to 12" & 75¢ & 1.00
91. THELOCACTUS BICOLOR (Glory of Texas) large orchid flowers 15 & 25¢
92. WILCOXIA POSELGERIA (Lead Pencil) or rat tail, Dahlia roots, orchid pink flowers, rooted cuttings 6 to 10" 15 and 25¢
93. FEROCACTUS HAMATACANTHUS (Turks head) Barrel type, large yellow Blossoms in top of plant, blooms for some time green seed fruits 2 3 to 4"....25¢...large according to size 50¢, 75¢ and \$1.00
94. " COVILLEI (Barrel Cactus).....nice size.....35¢
95. PRESKIOPSIS ROTUNDAFOLIA. Small thick glossy green leaves, buds and flowers look like a yellow rose, semi-climbing...rooted plants.....25¢
96. " ACULEATA (Lemon vine) clusters of greenish yellow blossoms. Large glossy dark green leaves, cuttings 15¢...rooted plants.....25 and 35¢
97. " SOCCHAROSA..red oblong glossy green leaves. Large yellow flowers, all so looks like a rose up right, tree form, rooted cuttings.....35¢
98. CEROPEGI WOODII (Heart vine) Small thick, brown spotted leaves 15 & 25¢
99. SENECIA STAPELIA FORMIS - Red tassel flowers, lasts several days...cuttings 15¢...rooted 25¢
100. " GREGORI (Peppermint stick) red tassel flowers, lasts severl days...cuttings 15¢...rooted.... 25¢
101. KLEINIA PENDULA (Inch worm) Red tassel blossoms, cut 15¢, Rtd 25¢
102. " ARTICULATA - An old favorite with curious candle like stems.....cuttings 15 and 25¢
103. " TOMEMTOSA (Cobweb plant) A very choice collectors item, entirely clothed in snowy felt of silken hairs, sandy soil, little water..3".....25¢ 5"....35¢.....6 and 7" sizes.....50¢
104. " REPENS (Blue chalk stick) same form as Tomemtosa 4" to 6".....15¢
105. GASTERIA NETINA (Tongue plant) 3 to 4"....15¢, larger 25¢ and 35¢
106. KALANCHOE MORMARATA (Pen wiper plant) Broad silvery grey leaves in purple splotches, white star blossoms, rooted, cuttings.....15 and 25¢
107. " TOMENTOSA (Panda plant) Plush like blue grey leaves margins stained rust brown, plants 4-5" 25¢ 6 to 8" 35¢
108. " NAME unknown to me, but a very pretty plant, dark green velvety large leaves, puts on spikes of variagated orange, yellow and red blossoms on tall spikes, lasts for weeks,..rooted, slips 25¢ Another unknown one, has bronze green oblong smooth leaf, 12 to 18" tall stems topped with clusters of small blossoms.....15 & 25¢

110. BRYOPHYLLUM TUBIFLORIUM - Tall spikes topped with an umbrella of red bell shaped blossoms, bears plantlets on edge of leaf.....rooted 5 and 10¢

111. " HUTONII (Hybrid) Cocanut palm..greenish orange blossoms.....5 and 10¢

112. " FEDSCHENKOI - Blue green foliage, orange red blossoms 15 & 25¢

113. " DAIGREMONTIANUM - Umbels of bell shaped yellowish red blossoms.....5, 10 and 25¢

114. " SCANDENS (Black wire) very interesting the plant and " long Blossom ~~red~~ mouse colored...rooted plants.....15¢

115. PORTULACARIA AFRA (Elephantbush) Reddish brown stems, thick glossy leaves...rooted..... 25¢

116. " AFRA Varigata (Rainbow bush) nice rooted cuttings 25¢

117. SANSEVERIA LAURENTI (Gold banded) Plumes of creamy feathery blossoms..... 15 and 25¢

118. " HAHNII (Birds nest) dwarf, fine house plant 15 & 25¢

119. " ZELANICA (Rattle snake) tall plums of feathery blossoms..... 15 and 25¢

k20. " CYLINDRICA - Round pencil or finger blades 6" to 2 ft tall.....25¢

121. " A wide blade one edged in red, same type plume as others..... 25¢

122. " Wide blade much taller in growth, plume blossom 25¢

123. PEDLANTHUS APHALA VARIGATA (Red bird plant) rooted cuttings 15&25¢

124. DYKIA SULPHURICA - Smokey blue, tall spikes of yellowish red blossoms..... 25¢

125. SOTOL AGAVE HETC IA TEXENSIS - leaves red on upper side when grown in ful sun..... 25¢

126. KALANCHOE SOMALINESE (Pink KALANCHOE) leaves edged in red if in sun..... 15 and 25¢

127. DISH GARDEN Collection of 15 plants not named..... \$1.25

128. OPUNTIA BURBANK SPineless - pads not rooted..... 15¢, rooted 25¢

129. " RUFIDA (Sinmon pad) pads not rooted 10¢, rooted 15¢

130. " BUNNY EARS....not rooted 10¢.....rooted 15¢

131. " ELATA (Orange tuna) thick pads, yellow blossoms pads 10¢, rooted 15¢

132. " BULGARIS (Joseph's coat)...pads 15¢.....rooted 25¢

133. " MONSTROS - Harmless spines....cuttings 15¢.....rooted 25¢

134. " MICRODYSYS BUDS - Yellow Indian bonnet, rooted fruits bearing from 3 to 16 little 1" to 2½ tall buds, all have more buds coming..... 15¢....to 35¢

135. " MICRODYSYS ALBA (Angel wings) one of the loveliest, covered with snow white Glochids, branches freely, pads...15¢,...rooted...jinxes,... 25¢

136. " GLOMERATA (Paper spined) stiff ribbons instead of spines, rooted joints 15¢

137. LEMAIREOSEREUS PRUNOSUS - Four square, powdery blue with black spines, 5" 35¢, 7".....50¢

138. " MARGINTUS (Organ Pipe) Stout columnar, branching from base, very short spines, small 2 to 3"....25¢

139. " WEBERI - Stout Chmnar, short spines, 2" 2½" diamter rooted.....25¢

140. CEPHALOCEREUS SENILIS (Mexican old man) small plants 2"../3"../25¢

141. " PALMERII (Wooley torch) fluted columnar, blish ribs, yellowish spines, some wool 2½ to 3" 35¢

142. AEONIUM ARBOREUM ATROPHRPUREUM - Rosetts of purple tinted leaves penicles of yellow blossoms, late winter til early spring, very nice size..... 30¢

143. " HAWORTHI - Sturdy stems, topped with rosetts of purple tinted red edged leaves, A very beautiful plant when in bloom..... 25¢

144. " CANERIAENSE * Hugh green rosetts when older, up to 20" across, tall pyramidal spikes bearing hundreds of yellow blossoms, quick growing..... 25¢

145. STOMATIUM (Sheeps tongue) resembles split rocks or tiger jaws without teeth..... 15¢

146. REBUTIA MINUSCULA (Red Crown) 1" Diam, red blossoms circle the plant, small pups..... 10¢

147. " PSEUDODEMINUTA * Wall flower crown, dark red flowers, 1" diam, small pups 10¢

148. " VIOLACIFLORA (Pink crown) 1" deep pink blossoms, small pups.....10¢

149. ERIOCEREUS MARTINII-NT Bl Cereus) moon cereus, white blossoms, bright red fruits 6 to 8" cuttings 25¢..rooted....35¢

150. ERIOCEREUS TORTUOSUS - Night blooming cereus, very spiny, white blossoms, red seed pod..... 35¢
151. " REGILLII - Night blooming, cereus, white flowers, red seed pod.....rooted cuttings 25¢
152. " BONPLANDA - Night blooming cereus, 10" to 14" snow white blossoms, red fruit, cuttings 5" to 7", 25¢, rooted..... 35¢
153. SELENACEREUS PTHANTHUS - small finger size stem, large white and gold blossoms, cuttings 6"....15¢, rooted..... 25¢
154. " SPINULOSUS - pink tinted blossoms, 6" cuttings rooted..... 25¢
155. APOROCACTUS FLAGELLIFORMIS (Lat Tail) Flowers in April & May, bears scores of large showy pink blossoms, 4 to 6" rooted cuttings..... 35¢
156. EPITHELANTHA MICROMERIS - West Tex. known as the button cactus little greyish balls from the size of a thimble to a golf ball, has small bloom, the red seed pods shoot up some times $\frac{1}{2}$ " long...nice size..... 25¢
157. EPITHELANTHA MICROMERIS Var. Different from above, white waxey buttons, looks more like scales than spines..... 25¢
158. NEOMAMMALLARIA POTTSII. Cylindric type, stems are single or cespitose, spines are whitish or greyish small and tips are purplish..... 25¢

SPECIMEN PRICES:

1. ECHINOCEREUS REICHENBAUCHII - clusters of 3 to 5..... 50¢
2. ECHINOCEREUS ENNEACANTHUS - clusters of 3 to 6.... 50 to 1.00
3. THELOCACTUS BICOLOR (Glory of Texas) clusters of 3 to 6..... 50 to 1.00
4. CORYPHANTHA RUYONII - clusters 4 to 8" diam..... 50 to 1.00
5. HAMATACACTUS SETIFERUS - clusters of 3, 50¢, 4 to 6-75¢ to 1.50
6. FEROCACTUS HAMATACANTHUS (Turks Head) 4" to 6" diam 50 to 1.00
7. HOMOCEPHALA TEXENSIS, 4" to 6" diam..... 75¢ & \$1.25
